Waterproof Telephone

- **Aluminum alloy die-casting body**
- **Protection level IP66/IP67**
- **Advanced noise reduction technology for HD calls**
- **Corrosion-resistant hardware**
- **CE, FCC, RoHS, IK10, IP67, ISO9001 standards**

IP67 | IK10 | HD

MAIN FEATURES

It was designed for public and industrial areas requiring a virtually indestructible telephone. The housing is made of die-cast aluminum alloy, with a weatherproof enclosure and an exterior polyurethane finish. It is designed to withstand high levels of humidity, dust, vibration, shock, extreme temperatures, (salt)water, abuse or attempted vandalism.

Typical applications include Outdoor Environments, Public Highways, Underground Tunnels / Mining, Offshore Wind Farms, Production Floors, Chemical Processing Sites, Power Stations or inside large Lifting Machinery such as Quayside Container Cranes, Rubber-Tyred Gantry Cranes (RTGs) and bulk-material Ship Loaders.

- 4G wireless communication with remote configuration
- With LCD display 128 x 64 pixels
- Full rubber keypad; 'M', 'R', and 'LR' can be set as speed dial buttons (optional)
- Handset with noise-cancelling microphone and 83 cm armored cord (optional heavy duty curly cord)
- The handset supports hearing aid aid compatibility (HAC)
- Magnetic reed hook-switch
- Without door cover, supports wall mounting with mounting bar
- Wiring access, 3xM20 cable gland entry points

TECHNICAL SPECIFICATIONS

4G Specifications	
Power supply	12V DC
Adapter input	7.4 V-12V DC
Power consumption	Idle 0.3W / Working 1.5W
Communication mode	4G
Working frequency	Depends on modules
Ringing tone	90 dB (A) @ 1 meter
Configuration method	Remote configuration via SMS, allows management from a central location
Configuration	Remote monitoring / Auto-dial numbers
Time out	Enforces a fixed call maximum time limit of 6-8 minutes from off-hook, configurably
Diagnostic function	Low battery voltage, weak signal, speaker volume, microphone volume can be reported via message
Antenna	Quad-band SMA male, externally mounted with 2 m cable
Environment temperature	Operating temperature -40°C to 65°C; Storage temperature -40°C to 75°C
M.T.B.F.	Exceeds 50,000 hours under normal operating conditions

DIMENSIONS

Package	
Unit size	204*334*143 (mm)
Shipping dimensions	200*300*440 (mm)
Packaging materials	Foam padding, carton
Weight	Gross weight: 6 kg / Net weight: 5 kg
